## **OGS SCHOLARSHIP PROGRAM 2016**

The Oregon Geriatrics Society Scholarship Program was established in 2010 to assist students, residents, and fellows in geriatric training, who have been selected to present a geriatric themed topic for poster or presentation at a national meeting. Funding for this program is provided from proceeds from an annual Silent Auction held in conjunction with the OGS Annual Conference.

The OGS board of directors will determine the amount and number of scholarships distributed depending on funds available and number of applications received in a given year. Typically, we are able to cover travel and some miscellaneous expenses, for one to two scholarships per year.

**TO APPLY – PLEASE SUBMIT THE FOLLOWING, VIA EMAIL TO OGS:**

1. Applicant Name, Training Program, Year of training.
2. Copy of abstract and brief description of the topic selected for presentation. Copy of the poster if it is ready before the meeting.
3. Meeting Name, Meeting Location, Meeting Dates, Website Address of Meeting, and Copy of Confirmation of Acceptance to Present.
4. Estimated costs for Meeting Registration and Travel.

OGs is delighted to help support future providers of geriatrics care and look forward to receiving applications for this scholarship program. Please feel free to contact any board member of OGS or email applications and questions to our Executive Director, Mary Olhausen, [omary52@comcast.net](mailto:omary52@comcast.net).

Thanks!
